

**Brain injury**  
legal support

**Leigh Day**

## Legal support to help build your future

Life after a brain injury can leave you and your loved ones with many questions and uncertainties.

Whilst this can be daunting, we understand the challenges you will face and we will work with you in a long-term relationship to build a positive future.

Compensation can provide financial security for you and your family. The legal process might seem complex but you don't need to worry because we will be with you every step of the way to guide you through it.

Leigh Day has over 30 years' experience of helping clients who have suffered brain injuries to achieve financial security and rebuild their lives.

We take great care to listen to you and your family as we know everyone is different with their own set of personal circumstances.

“

**Leigh Day were fully determined to do the best for me with regard to all outcomes, not just financial, yet remained practical at all times, never giving me unrealistic expectations, which is equally important.”**

Client, Mr S

“

**The whole team couldn't do enough for us. They were completely understanding and empathetic to our situation. We were all put at ease as soon as we met.”**

Client

## Why choose Leigh Day?

We have one of the largest and most experienced teams of specialist brain injury lawyers in the UK, comprised of accredited clinical negligence and personal injury solicitors.

Our team includes nurses and medically trained lawyers to enhance the expertise of the team in these complex cases.

Our lawyers are experienced in running challenging cases and have a deep understanding of the impact of a brain injury on the patient and their family. They regularly achieve multi-million pound compensation claims to help seriously injured clients get the rehabilitation, treatment and care that they need to rebuild their lives and ensure they are financially secure.

Our primary aim is your wellbeing and the wellbeing of your family, so we look to secure interim payments to enable rehabilitation treatments and therapies

to begin as soon as possible, and to cover any loss of earnings or other financial expenses you may incur.

We work with charities such as UKABIF and Headway who lead the way in improving the lives of people affected by brain injury.

“

**Leigh Day are an extremely professional, knowledgeable, efficient and well-run firm that genuinely cares about their clients.”**

Chambers and Partners

## How compensation can help you

Compensation can help you and your family move forward with life following a brain injury. It can cover:

01

Home adaptations or the purchase of a new suitable home.

02

Rehabilitation, medical treatments and other medical costs needed for life.

03

Financial losses and expenses including salary and costs from your injury.

04

Care and assistance around the home.

05

Travel and living costs.

“

**Thank you for all your outstanding work...Between you, you have achieved more than we though possible.”**

Client

## Our clients

### CLIENT STORIES

#### Margaret

Margaret's husband, John, fell down the stairs at home and, after an insufficient investigation at the hospital, was discharged, but remained unwell.

It was later revealed that the accident had caused a bilateral subdural haematoma. Following surgery, John was discharged with significant brain stem dysfunction and is now totally dependent for all aspects of his care.

We were able to secure a lump sum and periodical yearly payments to enable Margaret to appoint professional carers, access rehabilitation, buy specialised equipment and move to a more suitable home.

Margaret.

**Leigh Day made me feel like I was their only client. They knew everything about my case without having to refer to a file."**

### CLIENT STORIES

#### Ben

Ben suffered a severe brain injury which left him in a coma for two weeks. He has permanent issues relating to memory, difficulties with walking or climbing stairs and a serious arm tremor.

We secured interim payments for Ben, to enable him to start rehabilitation treatments and therapies as soon as possible. They also allowed the family to find a suitable home to meet Ben's needs.

Compensation has provided Ben and his family with the financial security required to ensure that his needs will be taken care of for the rest of his life.

Ben with his parents.

“

**Andrew has a very client-centric approach and is ready to fight tooth and nail. He puts in as many hours as necessary in order to achieve the best result.”**

## CLIENT STORIES

### Laura

Laura suffered a severe brain injury when a car driven by a distracted driver mounted the pavement and ran her over.

She was about to start a three year course in arboriculture. Due to the severity of her injuries she will never undertake paid work and has a lifelong need for support.

We obtained damages to provide a secure future for Laura. A significant focus of the claim was to maximise her rehabilitation, which included Laura doing art as part of her occupational therapy.

“

**Sally Moore is a rock and was the cornerstone to my recovery. Doing my artwork has given me a purpose in life.”**

Laura with one of her artworks.

## Our brain injury specialists

Speak directly and in confidence to any of our specialist brain injury lawyers.

We offer a free confidential consultation, so you have the opportunity to ask questions, to understand how we would approach your case and feel reassured of our expertise and professionalism.

This consultation can be held at the hospital, at your home or at our offices.

## Other services

Beyond offering specialist advice about serious injury we can also support you by offering services relating to **employment and discrimination law** and **human rights**.

# Leigh Day

## Justice for all

Leigh Day is a specialist law firm with some of the country's leading personal injury, product liability, clinical negligence, employment and discrimination, international and human rights teams.

Unlike other law firms, we act exclusively for claimants who have been injured or treated unlawfully by others.

Leigh Day was established in 1987 and has become a highly distinctive law firm who is not afraid to take on challenges that would daunt many others.

The firm's ethos is to ensure that the ordinary person has just as good quality legal advice as our state bodies, insurers and multi-nationals, which has led us to take on many 'David and Goliath' legal struggles for justice.
